THV, True Home Value is proud to announce the qualification of almost all of its **THV Compozit window series** for the American Recovery and Reinvestment Act. The chart below will show our models which qualify for the tax rebate for the normal American household. They should be given a copy of this letter for their tax purposes, and of course should check with their tax consultant for their particular details to ensure they qualify. All of the products listed below have a **U factor** and a **SHGC factor** at **.30 or below**.

Compozit Model	Triple Pane Insulated Glass			Double Pane Insulated Glass
	Standard	2nd Low E	w Krypton	with Argon and Single Low E
Double Hung	Yes	Yes	Yes	N/A
Sliding Window	Yes	Yes	Yes	N/A
Casement	Yes	Yes	Yes	N/A
Inswing Awning	Yes	Yes	Yes	N/A
Awning	Yes	Yes	Yes	N/A
Picture Window	Yes	Yes	Yes	N/A
Sliding Door	Yes	Yes	Yes	Only With Grids

The benefit for your customers who purchase the **THV Compozit** window is they may have a tax credit up to 30% of the sum of the window purchase, not installation and not to exceed \$1500.00. Most of your competitors' standard windows won't meet the requirement for the credit. This is yet again another great opportunity for you to differentiate yourself from your competition. Again please leave a copy of this letter for the use of your customer at tax time. Many of your competitors may say they qualify but cannot supply the proof the customer needs for the rebate.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct and complete.

Sincerely,

Brad Bushaw
