I'll start by saying that your employees were courteous, friendly and professional. They took great care in the installation and the clean up. They explained how the window operates and answered all my questions. I couldn't have been more pleased. As for the quality of the windows I am very impressed. We no longer have that "breeze" we had coming from the old ones. They look so nice I hate to put up curtains. We've already turned the heat down. Our thanks to AHT!

PS: They didn't leave their AHT sign. Still, I'm telling everyone about AHT windows!
